Es kam anders

'It Turned Out Differently' –
Scenario for Through the Heart of Berlin (S 25)

HOW TO INSTALL

To manually install this scenario, open the *.rwp file supplied with this package as you would with a *.zip file. Open the main directory of your Train Simulator Classic installation and copy the 'Content' folder from the *.rwp into there.

To automatically install this scenario, open the main directory of your Train Simulator Classic installation and launch the 'Utilities.exe' tool. Click 'Package Manager' and then 'Refresh'. Refreshing may take some time.
Extract the *.rwp file supplied with this package to a location of your choice. Then, click 'Open' in the 'Utilities' window and select the extracted *.rwp file. It will now be installed automatically.

COPYRIGHT & DTG LEGAL NOTICE

This package may not be uploaded elsewhere without my written permission.
Modifications are allowed for private use only.
