

Scenario 19: Manovre Como-Squinzano

Engine: D245

MaxSpeed: 80 km/h

Service: Como-Squinzano

Information:

1985. Short shunter scenario. After you worked thru the night, this would be your last duty for today. You have to pull a night express into the sidings and bring four cars from Como up to Squinzano. Shouldn't be a problem at all, therefor you'll finish your shift on time...

Signalling problems:

Signal in Como (when leaving to Squinzano) isn't working. You can ignore the signals while shunting.

Further informations:

- Please install all rolling stock from the „BasicRollingStock.pdf“ file. This rolling stock is used in this particular scenario and as well in future scenarios. Please note that you eventually need to download additional rolling stock for this scenario.
