

## **(BLXT) North East Rails Scenario Pack 3 (Train Simulator 2021)**

In this pack are included 10 scenarios to play on the route "North East Rails". Some of them require payware contents. Free rolling stock is also necessary.

Languages of the scenarios: English, German, French and Italian.

### **Important note**

There is an issue with the DMCL and DMCL\_nd green reskins in Marleyman's Class 101 DMU livery pack: no model is showing up in the editor. To fix that, please install the two files that are included with these scenarios.

Version 1.1:           • Update to version 3.7 of the route.

### **Thanks**

I'd like to thank all route and rolling stock/reskin creators.
