

Scenario 3: Straordinario fuochi d'artificio

Engines: Nordcargo DE520 und LINEA DE753

Max Speed: 100 km/h

Service: Porto Venerina – Riva San Ceresio

Informationen:

2006. Drive a special service to the annual fireworks in honor of the holy „San Antonio Morciano“ in Riva San Ceresio. You start in Porto Venerina and have to stop at every train station until Roma. On the other trainstations (Tricase, Como, Squinzano and Oviato), there will be another special service which will stop (Galatina-Riva San Ceresio).

Signalling problems:

Signal in Como. Platform in Villafranca isn't working.

Further informations:

- Please install all rolling stock from the „BasicRollingStock.pdf“ file. This rolling stock is used in all scenarios by me. Please note that eventually you need to download additional rolling stock for this scenario. -- See next page --

Following additional rolling stock is needed in order to play this scenario:
