

RPP – Schülerverkehr Bargstedt-Buxtehude

Route:

- [Die Niederelbebahn \(KBS 121\) um 2014](#)

Name of the Scenario in-game:

- [EVB Lint] Schülerverkehr von Bargstedt nach Buxtehude

System Requirements (Payware):

- [\[RT\] BR 648](#)
- [\[DTG\] DB BR 474.3 EMU Add-On](#)

System Requirements (Freeware):

- [\[RPP\] - BR648 EVB – Repaint, InputMapper, QuickDrive Consists – V1](#)
- [\[RPP\] – \[DTG\] BR474.3 UpdatePack – Ziele, Fahreigenschaften, InputMapper, etc. – V1](#)

Information:

You drive a BR648 der Eisenbahn- und Verkehrsbetriebe Elbe-Weser GmbH as a student service. The drive starts in Bargstedt and ends in Buxtehude. The schedule is guided by the 25th of April 2004. Avoid delays, so that the students can get to Buxtehude on time. Some students need to catch a bus, which carries them to the school centres in the environs.

Installation:

1. Copy the attached „Content“-folder into your Railworks-Maindirectory and confirm the overwriting of files, if you are asked for.
2. Alternatively, you can install the attached .RWP file with the package-manager inside the „Utilities.exe“.
3. Done, have fun with the new scenario!

Selection in-game:

To play the scenario, please search in the „Standard“-Tab for one of the following options:

- Select Loco: BR648_EVB
- Select Route: KBS 121 Betriebszustand um 2014

You can also search for the scenario without any filters in the scenario list.
