Installation

These scenarios are packaged in the same ".rwp" file. Install it through Train Simulator 2018 package manager that you will find in your railworks folder (Utilities.exe).

Installation of the modified route files (scenario 3)

To be able to play the third scenario of this pack, you have to replace some of the original route files. Simply copy the content of the "Route Patch" folder included in this package to your "Content" folder in your railworks directory. The other scenarios will also run on this modified version.

File history

Version 1.2:

- Starting points in scenarios corrected.
- Danish translations added
- Some scenarios have been extended

Version 1.1:

- Issue in scenario 1 fixed.

Thanks

I'd like to thank all route and rolling stock/reskin creators.

Thanks to:

- Ralf Kroneberg for the German translations.

To report any problem or feedback, please send an email to railworks@beluxtrains.net.

Have fun !
