

2R35

22:36 London King's Cross - Letchworth Garden City

Scenario for East Coast Main Line South (DPS)

How to Install

Extract the archive to a destination of your choice and install the .rwp file by using the Utilities.exe which can be found in the main folder of Train Simulator.

When you've opened the Utilities.exe, click 'Package Manager' and then 'Refresh'. Once the process is complete, click 'Install'. Select the .rwp file and click 'Open'.

The scenario will now be installed automatically. After that, you can start Train Simulator and play the scenario.

Description

It's now late in the evening, and traffic on the southern end of the East Coast Main Line is winding down for the night.

Your last task of the day is to drive 321401 with the 22:36 stopping service from London King's Cross to Letchworth Garden City.

After finishing the service, the train needs to be stabled in Letchworth's carriage sidings.

Year: 2013

Duration: 1 hour

Difficulty: Hard

Traction: FCC 321401

Track covered: London King's Cross → Letchworth Garden City
(Carriage Sidings)

This scenario is based on the real timetables (autumn 2013).
