Installation

These scenarios are packaged in the same ".rwp" file. Install it through Train Simulator 2018 package manager that you will find in your railworks folder (Utilities.exe).

Installation of the modified route file

To be able to play some scenarios of this pack, you have to replace an original route file. Simply copy the content of the "Route Patch" folder included in this package to your "Content" folder in your railworks directory. Other scenarios may not run on this modified version.

Thanks

I'd like to thank all route and rolling stock/reskin creators.

Thanks to:

- Ralf Kroneberg for the German translations.

To report any problem or feedback, please send an email to railworks@beluxtrains.net.

Have fun !
