For this Pack to work you will need to own the Train Simulator base game and this DLC

[DB IC2 Fernverkehr](#)

This Soundpack offers a completely new and changed soundsetting inside Train Simulator.

Recordings have been sent to me by 'Bastian_FF'. This soundmod is based on those.

Installation

In the downloaded file, you will find the *.rwp file which needs to be installed with Utilities.exe found in the Train Simulator main directory (steam/steamapps/common/railworks).

Known Bugs and errors

The focus of this soundmod was the cab. Exterior sounds were not changed.

Compatibility with Repaints

Repaints

This Pack is compatible with all Repaints

3

For Developers

Scenario creators

Turning on another folder in addition to the standard folder is not necessary.
