

Scenario pack for the VR BR111 and Dosto on the JustTrains Three Country Corner Route

This pack includes 3 standard scenarios revolving around the BR111 with Dostos and the JustTrains Three Country Corner route.

It is June 2008 and the European Championships in football are being held in Austria and Switzerland. To help with all the extra traffic, the OEGB has leased some DB trains and put them into service along the Three Country Corner Route.

Required for this pack to work is the JustTrains Three Country Corner Route, 3 payware add-ons and 10 freeware add-ons.

A full list with download links is below.

I hope you will enjoy these scenarios.
