Read me (EN).txt

TTB BR 143 Pluspack (TrainTeamBerlin)

ICE3 Add-On (Dovetail Games. If you own the Munich-Augsburg addon, you will have this train).

Freeware:

Avmz / Bimz repaints (Download:

<http://rail-sim.de/railsimnew/index.php/downloads/cat/viewdownload/63-personenwaggonen/621-avmz-and-bimz-repaints-by-dave>)

BR143 "Melez" (Download:

<http://rail-sim.de/railsimnew/index.php/downloads/cat/viewdownload/167-br-143/1940-melez-143>)

Please note the read me files of the downloads, as well.

3. Performance

Since the "Cologne - Dusseldorf" route is not a route with a good performance, it is possible, that - especially around the central station - lags and performance problems happen, if you do not have

a high end computer. Please reduce your graphics settings, if the scenario don't work well.
