" BR 193 AC/DC Advance " Repaint Tutorial

Installation:

Unzip the package and use TS2022 Utilities to install the *.rpw file; alternatively, if you have the "7zFM.exe" programme, open the *.rpw file and extract the contents to the Railwors directory.

GeoPcDX file to be inserted:
ELL.GeoPcDx.
ELL_Advance.GeoPcDx
copy it from the green file path and paste it into the red file path.
