

Scenario 18: R12622 Intragna-Como S.G.

Engine: Ale501 (Minuetto)

MaxSpeed: 120 km/h

Service: Intragna-Como S.G.

Information:

2001. Early morning, you drive a stopping service in heavy rain from Intragna to Como. You should make sure to arrive on time in Como. But that shouldn't be a problem as the Minuetto has a sharp acceleration... Only for Minuetto experts!

Signalling problems:

No signalling problems known. In Manduria, you have to switch the cab because you have to make a U-turn and drive further to Como.

Further informations:

- Please install all rolling stock from the „BasicRollingStock.pdf“ file. This rolling stock is used in this particular scenario and as well in future scenarios. Please note that you eventually need to download additional rolling stock for this scenario.
